

Homestay Program

Homestay Family/Student agreement

The Homestay Program is a very important part of the International Student Program. It provides the student and the host family with an opportunity to learn from each other. Students will be welcomed into the home as if they are new members of the family. Host families are expected to treat the student as one of their own children and the student is expected to become a part of the host family's activities. The following Agreement outlines many of the expectations of both the student and the host family

1. The host family will supply the student with 3 meals per day and a reasonable use of the house and facilities (similar privileges and opportunities to those of their own children). The student agrees to follow all rules and accepts the same responsibilities as the host family's children. This includes behaviour, curfews, attendance at meals and telephone use.
2. The Homestay fee is normally \$600 per month.
3. The student will not be required to pay a damage deposit.
4. The student (and his/her parents) will be responsible for any outstanding bills or other expenses that are directly attributable to the student, including bills, which come after the student's departure.
5. The student and the Homestay family members will neither borrow nor lend money from each other.
6. Visits to other centers require the permission of the Homestay parents. For longer trips, written or phone permission from the parents or legal guardians may be required.
